Classes taught by Special Education and ESL teachers are excluded from this calculation. Certain classes with questionable data are also excluded.

Data were extracted from eSIS and HRMS effective January 15, 2011. Student room assignments were matched with teachers, course codes, and period of the day. For K-8 schools and summary average calculations, grade K-5 homeroom classrooms re-weighted for comparability with grade 6-8 course structure.

Title I is a federally funded program seeking the improvement of the academic achievement of the disadvantaged. Portland Public Schools allocates these funds to

	Total Incidents:	5,527	12%	73	0%	4,267	10%	1,178	3%	9	0%	

All percentages are of October Enrollment.

Students may incur more than one referral, i.e., in-school suspension, out-of-school suspension (exclusion from school for at least one but not more than 10 days), expulsion or removal. Counts of students referred are unduplicated within a school; each student is counted only once in the total, but may be counted in multiple categories, e.g., a student received two in-school suspensions and one out-of-school suspension will be counted once in the in-school suspension category and once in the out-of-school category.

Total Incidents are the total Incidents reported to the Oregon Department of Education, where the action was taken was a Expulsion, Suspension, in School, Suspension Out of School , or Removal. Each incident is counted once by the highest action reported. Students and incidents with Low-Level Interventions and Delayed Expulsions not shown.

Caution should be exercised when comparing discipline data across schools and years. Although District policies and regulations increase consistency in addressing and reporting student discipline incidents, corrective action is based on an understanding of the individual student and ultimately determined by the best professional judgment of the administrator. Additionally, comparison with prior years is especially difficult as the discipline incidents reported to the ODE have changed.

¹ For most of the schools and programs reported here, October enrollments are representative of the total number of students served throughout the school year, and thus a reasonable basis for calculating suspension and expulsion rates. However, for Alliance HS, an alternative high school serving 16- to 21-year-olds previously unsuccessful in traditional high school programs, the total number of students served during the school year may be as many as 2 to 3 times greater than October enrollments. Consequently, suspension and expulsion rates reported for Alliance HS should be viewed with caution. Pioneer Programs, similarly take students throughout the school year, therefore October enrollment is not a good representation of the total students served.

7. COMMENTS/ISSUES

School did not make Adequate Yearly Progress in 2010-11. However, school does not receive Title I funds and therefore no sanctions apply.

Alliance High School operates two day programs and two night programs on four campuses. As an in-district alternative, the school primarily serves students who are credit and/or skill deficient. In addition to remediation courses, college preparation courses are available. Students are supported in meeting all requirements for a standard diploma. Most students register some time during their third year of high school and on average are between 6 to 12 credits deficient.

7. COMMENTS/ISSUES

A public charter school is a separate legal entity operating under a binding charter agreement with a sponsor. A sponsor is either the school district in which the public charter school is located, or, rarely, the State Board of Education. A public charter school is governed by its board of directors and not by the sponsoring district.

As a result, full data are either not available or not comparable for inclusion in these School Profiles. Therefore, Sections 1, 3 and 6 contain limited or no data. Enrollment and achievement history data depend on the formation date and grade span of the individual school.

Please direct questions about a charter school to the school. Charter school contact information and descriptions are available on the district's website. Click Schools on the main page, then scroll down to and click Charter Schools.

Please direct general questions to Kristen Miles at 503.916.3359 or kmiles@pps.k12.or.us.

7. COMMENTS/ISSUES

A public charter school is a separate legal entity operating under a binding charter agreement with a sponsor. A sponsor is either the school district in which the public charter school is located, or, rarely, the State Board of Education. A public charter school is governed by its board of directors and not by the sponsoring district.

As a result, full data are either not available or not comparable for inclusion in these School Profiles. Therefore, Sections 1, 3 and 6 contain limited or no data. Enrollment and achievement history data depend on the formation date and grade span of the individual school.

Please direct questions about a charter school to the school. Charter school contact information and descriptions are available on the district's website. Click Schools on the main page, then scroll down to and click Charter Schools.

Neighborhood students attending The Emerson School (Charter) below 55%?	n/a
Building density index below 15 or above 20?	n/a

7. COMMENTS/ISSUES

A public charter school is a separate legal entity operating under a binding charter agreement with a sponsor. A sponsor is either the school district in which the public charter school is located, or, rarely, the State Board of Education. A public charter school is governed by its board of directors and not by the sponsoring district.

As a result, full data are either not available or not comparable for inclusion in these School Profiles. Therefore, Sections 1, 3 and 6 contain limited or no data. Enrollment and achievement history data depend on the formation date and grade span of the individual school.

Please direct questions about a charter school to the school. Charter school contact information and descriptions are available on the district's website. Click Schools on the main page, then scroll down to and click Charter Schools.

Please direct general questions to Kristen Miles at 503.916.3359 or kmiles@pps.k12.or.us.

7. COMMENTS/ISSUES

2010-11 was the third year of School Improvement status and fourth year of not making Adequate Yearly Progress.

Jefferson includes the traditional high school on the Jefferson Campus and the Young Women's Academy (grades 6-12 located in the Tubman building).

Feeder Schools: Beach, Faubion, Humboldt, King, Ockley Green, Vernon, Woodlawn.

In 2011-12 Jefferson will operate as a focus high school, specifically the Jefferson Middle College for Advanced Studies. Dual Assignment neighborhoods, whose students have the choice to attend Jefferson Middle College or their neighborhood comprehensive high school are: Beach, Boise-Eliot, Chief Joseph, Faubion, Humboldt, King, Ockley Green, Vernon and Woodlawn.

7. COMMENTS/ISSUES

School did not make Adequate Yearly Progress in 2010-11. It will move to School Improvement status if Adequate Yearly Progress is not met in 2011-12.

Lent School has a Spanish Immersion program with one class per grade in grades K-5 for the 2011-12 school year. Lent added four modular classrooms in the 2011-12 school year.

As of 2011-12, Lent neighborhood ninth grade feeds to Franklin.

7. COMMENTS/ISSUES

School did not make Adequate Yearly Progress in 2010-11. It will move to School Improvement status if Adequate Yearly Progress is not met in 2011-12.

Reflects merger of Rose City Park Elementary and Gregory Heights Middle School. Enrollment and assessment data shown for years prior to 2007-08 are for Rose City Park ES only.

2006 enrollment not shown as it was for before the conversion to a K-8 school.

7. COMMENTS/ISSUES

School did not make Adequate Yearly Progress in 2010-11. It will move to School Improvement status if Adequate Yearly Progress is not met in 2011-12.

As of 2011-12, Vernon is a Dual Assignment neighborhood. Ninth-graders can attend either Jefferson Middle College or Madison.

Larger enrollment in seventh and eighth grades in 2011-12 due to Rigler students attending Vernon.

1. Budget and Staffing

School Budget Per Student – Dollars budgeted for current year at each school divided by the total enrollment at that school of October. Funds included are general funds (personnel, supplies, utilities); grant funds (including Federal grants such as Title 1-A); and special revenue funds (including tuition collected for fee-based full-day kindergarten and funding of personnel through fundraising/donations). Capital expenditures and centrally budgeted functions such as utilities, custodial services, Special Education and English as a Second Language services are not included. (Source: PeopleSoft Financial System – Budget Office)

Budget Rank (range) – Rank of this school's Budget per Student from highest (1) to lowest among schools in the same category. The school categories used here and throughout these profiles, unless otherwise noted, are:

PK/K-5 (elementary) – 27 schools
 PK/K-8, PK/K-12 (multi-level) – 33 schools
 6-8 (middle school) – 10 schools
 6-12, 9-12 (high school) – 12 schools

Free & Reduced – Percentage of this school's students (as of October count), whose families meet the income or other qualification for Free or Reduced Price Meals under federal nutrition program guidelines. By regulation, certain programs (e.g., Headstart, Residential Child Care Institutions) and schools (Humboldt, King and Rosa Parks) are deemed 100% eligible. Community Based Alternative Programs and charter schools do not use the PPS Nutrition Services Program and thus Free and Reduced percentages shown may be lower than potential eligibility, and are not verified through eSIS at this time. (Source: PPS Data and Policy Analysis; Nutrition Services; eSIS)

School Receives Title I Funds? - Whether or not this school qualifies for federal Title 1 grant funding in the current year. To receive a dollar allocation under this grant, the percentage of students qualifying for Free & Reduced Price Meals must be 40% or higher for elementary and middle schools and 75% or higher for high schools. Current year qualification for federal Title 1 grants is usually based on Free & Reduced percentages from the prior year. (Source: PPS Title 1 Office)

Special Education – Percentage of October enrollment at each school with records flagged indicating participation in Individualized Education Plans (IEP), that is, Special Education program students. (Source: PPS Special Education Department)

English Language Learners – Percentage of students enrolled in October who are English Language Learners eligible for ESL/Bilingual Services based on a

Title 1 shows the staff (in licensed equivalent) purchased with a school's federal Title 1 grant allocation. Within some grant constraints, each school decides the proportion of its grant that is spent on staffing. This number will be zero if the school did not qualify for Title 1 funding.

Foundation and Fee-For-Service K shows the number of licensed equivalent FTE purchased by the school using local funding and donations (foundation) and fees paid by parents for Full Day Kindergarten programs. Note: These FTE are determined on a per-school basis and are not part of General Fund allocations.

Other Grants is the number of FTE provided through grants other than Title 1. These might include state, federal or private grants obtained by the District or school for specific programs.

(Source: Staffing Management Tool (SMT), Budget Office)

2. Enrollment Characteristics

Enrollment – Enrollment counts include students enrolled in Portland Public Schools. Counts were compiled on the first school day in October of each year. An enrolled student is one who attends one or more schools or programs within the District. Regardless of the number of schools or programs attended, each student is counted only once; the counts are unduplicated.
(Source: eSIS Membership Report)

PK – Pre Kindergarten students, K – Kindergarten students, 1 through 12 – first through 12th grade, N/A – grade not available, students not assigned a grade.

Projected Enrollment in 2016 (K-12) Enrollment projection for students Kindergarten through twelfth grade developed by Population Research Center, College of Urban and Public Affairs, Portland State University. (Note that enrollments for 2007-11 shown above may include Pre-K students and thus must be adjusted for comparisons. Also note that K-5, K-8 and middle school 2016 forecasts were updated based on primary 2011 enrollment, whereas high school projections rely on 2010 enrollment.)
(Source: Portland Public Schools Enrollment Forecast 2011-12 to 2025-26, Prepared by PSU Population Research Center, November 2011.)

Racial/Ethnic Background - Percentage of various racial/ethnic backgrounds as reported in October enrollment counts. Hispanic ethnicity includes students identified as Hispanic/Latino regardless of race. Asian and Pacific Islander are shown in separate columns (in prior years they were combined). Multiple Races category includes students identified as two or more races, exclusive of Hispanic/Latino. (Source: eSIS Membership Report)
