Goal 2: Support instruction

Goal 3: Adoption of OGMS Site Council bylaws, with elections Spring 2018

Set October Agenda - 5 minutes

Climate/Culture survey

Notes

State of the Union (Kristina) - 30 minutes

Celebrations

Staff implementing and buying into system

workload is a concern

Staff huddle daily

Microsoft teams messaging has replaced calling/radioing

Students are in class and hallways are clear

Students are respecting the new expectations, although Kristina is not most popular adult in the building at the moment

Some challenging conversations with families initially but general sentiment seems to be trending positive now

Priorities

Students, teachers and families feel safe, happy, connected, supported and cared about at their school.

Have been living in this goal thus far

Ockley Green will create a strong academic culture where classroom instruction is aligned to college and career ready standards and differentiated by student to encourage learning.

Have not addressed this, this will be new area of focus

Staff will feel autonomy, mastery and purpose in their role at Ockley Green. p

Progress on priorities

Kickboard implementation - need further explanation of Kickboard system for families, Kristina will include more info in the newsletter

Any ideas for hallway improvement are welcome, locker painting a priority

Have been living in creating systems from scratch in every area

Dragon System overview document - issues with access initially, is this fixed?

Rashae will check

Questions about accessibility - translation and technology are barriers that we need to address

Sending paper copies a possibility

Advisory teachers could be point of contact and understanding to start to identify parents who might need extra support

Issue with busses arriving late so kids are missing advisory, Kristina will talk with staff to be sure that teachers are looping back with kids who are late to be sure they have important Advisory information
