This policy sets forth the means by which the District and the Superintendent will evaluate Administrative Directive 3.60.062-AD (Student Wellness through Nutrition, Physical Education, Physical Activity, and School-Based Activities) in order to help students learn and establish lifelong health habits.

#### WELLNESS POLICY IMPLEMENTATION, MONITORING, ACCOUNTABILITY AND COMMUNITY ENGAGEMENT

The district shall develop and maintain a plan to manage and coordinate the implementation of this wellness policy.

The plan will:

- 1. Delineate roles, responsibilities, actions and timelines specific to each school;
- 2.

students and the community.

All schools within the district participate in U.S. Department of Agriculture (USDA) child nutrition programs, administered through the Oregon Department of Education (ODE), which may include the National School Lunch Program (NSLP), the School Breakfast Program (SBP), Fresh Fruit & Vegetable Program (FFVP), Summer Food Service Program (SFSP), Child and Adult Care Food Program (CACFP) or Supper programs. The district also operates additional nutrition-related programs and activities which may include Farm-to-School programs, school gardens, Harvest of the Month, Local Lunches, SNAP-ED and Breakfast After the Bell.

All school nutrition program directors, managers and staff will meet or exceed hiring and annual continuing education/training requirements in the USDA Professional Standards for Child Nutrition Professionals.

Free, safe, unflavored, drinking water will be available to all students throughout the school day and throughout every school campus. The district will make drinking water available where school meals are served during meal times.

All foods and beverages outside the reimbursable school meal programs that are sold to students on the school campus during the school day and extended school day will meet or exceed the nutrition standards set by the USDA and the Oregon Smart Snacks Standards<sup>1</sup>. These standards will apply in all locations and through all services where foods and beverages are sold, which may include, but are not limited to, à la carte options in cafeterias, vending machines, school stores and snack or food carts See also \_\_\_\_\_ (3.3.1.1).

## 3.60.060-P Student Wellness through Nutrition, Physical Education, Physical Activity, and School-Based Activities

The Board realizes that a quality physical education program is an essential component for all students to learn about and participate in physical activity. The district will develop and assess student performance standards and program minute requirements<sup>2</sup> in order to meet the ODE's physical education content standards and state law<sup>3</sup>. Every public school student in kindergarten through grade 8 shall participate in physical education for the entire school year. Students in kindergarten through grade 5 shall participate for at least 120 minutes in school year 2019-2020<sup>4</sup> and 150<sup>5</sup> minutes in school year 2020-2021

### 3.60.060-P Student Wellness through Nutrition, Physical Education, Physical Activity, and School-Based Activities

The district encourages staff to pursue a healthy lifestyle that contributes to their improved health status, improved morale and a greater personal commitment to the school's overall wellness program. Many actions and conditions that affect the health of employees may also influence the health and learning of students. The physical and mental health of employees is integral to promoting and protecting the health of students and helps foster their academic success.

The district will integrate wellness activities throughout the entire school environment (districtwide), not just in the cafeterias, other food and beverage venues and physical activity facilities. The district will coordinate and integrate other initiatives related to physical activity, physical education, nutrition and other wellness components so all efforts are complementary, not duplicated and work toward the same set of goals and objectives promoting student well-being, optimal development and strong educational outcomes.
