program and we applaud the District for adopting a program that is familiar to contractors. We will be interested to see how the District and the City w

The BAC has concern that this further change in program supersedes previously adopted standards, particularly at this late stage. Already, the High Schools' programs do not conform to the Board-adopted Long Range Facilities Plan or the adopted EdSpecs, both of which provide for 1500 student capacity. The adopted Master Plans p00 ftv
