## Portland Public Schools Board of Education

# 

Regular Meeting December 13, 2010

#### **BOARD OF EDUCATION**

**Board Auditorium** 

Portland Public Schools Regular Meeting **December 13, 2010** 

8.

**OTHER BUSINESS** 

Blanchard Education Service Center 501 North Dixon Street Portland, Oregon 97227

**Note:** Those wishing to speak before the School Board should sign the citizen comment sheet prior to the start of the regular meeting. No additional speakers will be accepted after the sign-in sheet is removed, but citizens are welcome to sign up for the next meeting. While the School Board wants to hear from the public, comments must be limited to three minutes. All citizens must abide by the Board's Rules of Conduct for Board meetings.

Citizen comment related to an action item on the agenda will be heard immediately following staff presentation on that issue. Citizen comment on all other matters will be heard during the "Remaining Citizen Comment" time.

This meeting may be taped and televised by the media.

#### **AGENDA**

1. STUDENT PERFORMANCE 5:30 pm Panache - Gray Middle School 2. **STUDENT TESTIMONY** 5:45 pm 3. 6:00 pm STUDENT REPRESENTATIVE'S REPORT 4. SUPERINTENDENT'S REPORT 6:10 pm 5. **EXCELLENCE IN OPERATIONS AND SERVICES** 6:15 pm Capital Improvement Bond Referral (action item) Marysville Plan (action item) Annual Audit of PPS Financial Statement/Comprehensive Annual Financial Report -- (action item) 6. **EXCELLENCE IN TEACHING AND LEARNING** 7:45 pm Spanish Immersion Feeder Patterns (action item) Madison, Franklin and Cleveland Boundaries (action item) 7. **BUSINESS AGENDA** 8:45 pm

The next regular meeting of the Board will be held on <u>January 10, 2011</u>, at 5:30 pm at the Blanchard Education Service Center.

NOTE: The Board's agendas are focused on the five strategic operatives of the District as found in the 2005-2010 Strategic Plan: Excellence in Teaching and Learning; Excellence in Operations and Services; Strong Partnerships with Families and Community; Leadership for Results; and Continuous Learning Ethic.

#### **Portland Public Schools Nondiscrimination Statement**

Portland Public Schools recognizes the diversity and worth of all individuals and groups and their roles in society. All individuals and groups shall be treated with fairness in all activities, programs

#### Student Representative's Report

Last time I gave my student report a month ago, I said the Student Advisory Committee had the most diverse group of students and rich conversa

than for a student living in a wealthier neighborhood. Students typically make as much money as their parents do, and for low-income students, this leads into a cycle of poverty.

And for individual experiences with race, we talked about how teachers assume their students know certain things that are usually what the majority of students would know—but these things, including the Bible, where I as a Muslim for example, know little about Genesis, or any of the stories. In social science classes, I'm expected to know. I'm expected to pinpoint biblical allusions in a poem, or talk about the biblical significance of a painting. I get confused, and I get embarrassed when I have to ask questions that are obvious for all the other students in the class. Teachers need to be more cultural competent, because it makes minorities uncomfortable in classrooms. This is why we take comfort in going to the minority student unions or groups, or segregate ourselves from other students. We shouldn't feel this way in our own schools, which are meant to be a mixing pot of cultures and students.

Two students from Benson and Marshall pointed out, that this doesn't happen at their schools. Benson High School, and the three Marshall schools, have achieved what no other school has—closing the achievement gap, and graduating minority and low-income students at larger rates than the other schools. Yet these two schools are being closed, and downsized.

At SuperSAC, we also discussed how important effective teachers are. Effective teachers, who we agreed, are the ones who teach us subjects that we'll actually remember beyond the final exam, that give us homework meant to help us, and help us when we need help. What was really unique, and important, about this discussion, was that we did not just talk about ineffective teachers but effective teachers—and how the ineffective teachers can learn from them. A few students brought up the idea of schools having more meetings, maybe once a month, where teachers can meet and share ideas that have been working in their classrooms. Or even a district-wide sharing of effective ideas.

We're also keeping our word about talking to Marshall students about ideas to make the transition between this year and next school year as smooth as possible. This Thursday SuperSAC will be meeting at Marshall to talk to students, student-to-student, where we'll transfer their recommendations and input to the transition team, and the school board. Although our discussion ended on race and the achievement gap, courageous conversations continue everyday among brave students. It's these conversations, like the one last Monday, that are going to change how our schools function because in the long run it'll change hearts and minds, lead to societal change, to more diverse, and equal schools. Our schools are meant to be a place where students can walk in and drop all their baggage from home. I encourage students, teachers, administrators, parents, to have these real courageous conversations. SuperSAC won't stop having them. We've decided to start organizing for a minority student conference in

#### **Explanatory Statement:**

Portland Public Schools the largest public schodistrict in Oregon, with school buildings and over 47,000 students.

PPS buildings average 65 years in age; most bueiltein the 1920's, 40's and 50's. Only two schools have been built in the last 30 year dozen schools have been elben the last ten years.

Years of tight budgets have defermenajor school repairs in order direct funds to teachers and learning materials.

As a result, the schools face multiple issues:

Schools need updated plumbing, electrical wirmenting and ventilation ire alarms, lighting, and more:

Classrooms, science labs and libraries are fodate and cannot support modern educational programs;

Buildings need additional earthquakerety, handicapped accessibiliand safety in stage areas; School grounds, fields and exterioreed repair or replacement.

The proposed bond measure fundsite projects for school and classroom needs to extend their use, including:

Increasing school safety;

Renovating and updating school buildingstems, classrooms and grounds;

Rebuilding or comprehensively renovating schools ated across Portland for which it's more cost effective to do so;

Retiring existing schoolrojects debt; and

#### Increase school safety:

Safety updates such as fire and security replacing electral wiring, plumbing and lighting: replacing deteriorated to play areas; installing exterior security; replacing unsafe school stage rigging.

Renovate and update school facilities bildings, classrooms, grounds, including:

Modernize heating systems with more diffint and lower-maintenance fuel source;

Replace leaking roofing;

Upgrade or create some science labs fadgs 6-12 needed to support a modern science program including equipment, sinks, ottsleab benches, burners and more;

Provide up-to-date classroom teinchtechnology for every school;

Refurbish school grounds, exteriors, d fields to reduce injury, d increase security and safety.

Rebuild schools not cost-effective

Establish Middle College Program open toPATS students, with Portland Community College, at rebuilt Jefferson High

Debt retirement and oversight for bond expenditures

Pay off approximately \$33 million in schoolopects debt including Rosa Parks School;

Citizen oversight and annual audits to review bond protected expenditures are required.

Bonds funded through a 'pay-as-you-go' system Bonds would mature primarily in 1,2 or 3 yeæsying interest payments of over \$200 million. Remaining bonds would be issued over 20 years or less.

The bonds' principal amount cannot exceed \$548 million.

Bond cost for six years is estimated at appropriety \$2.00 per \$1,000 of assessed property value, reduced to an estimated fifteen cents \$1,000 for not to exceed 20 years.

The median assessed home value in the schistolict is \$147,000. Medialnomeowner would pay approximately \$300 annually for 6 years then reduced to \$22 per year.

#### PORTLAND PUBLIC SCHOOLS

DATE: December 7, 2010

TO: Board of Education Ad Hoc Committee on Student Assignment,

Program Initiation and Reconfiguration (SAPIR)

FROM: Superintendent Carole Smith

SUBJECT: Marshall Boundary Changes

Having reviewed the updated Staff Reportific December 6, 2010, as well as the initial recommendation from staff, I am comfortation of two Option 3A (Whitman to Cleveland, Woodmere to Franklin) for Board approval. This been a difficult obtain, given the tension of trying to balance the differentiteria by which this decision to be made. At the same time, I believe this is the option which provide best path for reting the needs of the students who will be transitioning.

Some of the benefits of this option include:

- x It is projected to increase socio-economilabae between Cleveland and Franklin high schools beyond our current state,
- x Fewer students are impacted this move, given that existing feeders outside of the current Marshall cluster are nothanged. (Creston would remain a Franklin feeder and Woodstock a Cleveland feeder).
- x While one of the criteria had been to keeplothe school feeder pather whole, parents in the Marshall community have not expsed this as a particular concern,
- x Both schools have shown positive results in m

available in all three schools. Misson has all three seces already in place. In conversations with our partners, we are advocating for Mershall SUN School, the STEP Up program and Health Clinic to be relocated to Franklin. Cetevnd will continue to house a high quality health clinic but not a SUN School program.

More information is required regarding the spiecifeeds of the incoming students at Cleveland, both from Marshall and its existing feeders, ptiospecifying the exact nature of enhanced supports required at that campulsam directing staff to investigathis in more depth prior to making a recommendation about additional service requirements at Cleveland.

I hope the Board will concur with this recommodation, and will have st available at the Student Assignment, Program Initiation, and Refiguration Ad Hoc Committee to answer any ongoing questions you may have.

Sincerely,

\_\_\_\_\_

Carole Smith
Superintendent
Portland Public Schools

#### I. <u>SUMMARY</u>

After initial review of the three boundary options that were defined for reassigning the Marshall feeder pattern, staff analyzed an additional option and a variation on an existing one, on the request of the Su perintendent. This report summarizes the impacts of all of the options, in order to provide sufficient information for the board and superintendent to make a final decision.

#### II. OPTIONS OVERVIEW

#### Table I

2. Whitman/ Woodmere to Cleveland, Woodstock to Franklin	x Cleveland: 1361 x			

Option	Enrollment Stability (Est. 2014 Enrollment)	Proximity (Geographic distance Trimet travel time/)	Student Impact	Economic Diversity (estimated)
3A. Whitman to Cleveland, Woodmere to Franklin. Creston stays at Franklin. Woodstock stays at Cleveland.	Cleveland: 1345 Franklin: 1423 Madison: 1308 Difference: 115 students	Whitman to/from Cleveland: 4.3 mi, 30-43 minutes by bus (#9 or 10, 71) (11-24 minutes walk/wait)  Woodmere to/from Franklin: 2.5 miles, 33-36 minutes by bus (#71) (16 minutes walk/wait)  Creston to/from Franklin: 0.6 mi, 12 minutes by bus (#71) (10 minutes walk)  Woodstock to/from Cleveland: 2.5 mi, 12-15 minutes by bus (#10)  Bridger N. to Franklin: 36 minutes (#72,9) (25 minutes walk/wait)	Lane becomes split feeder pattern. Only Marshall students are impacted by a change.	Cleveland: 33% FRL Franklin: 53% FRL Madison: 61% FRL

3B. Whitman to Cleveland, Woodmere to Franklin. Creston stays at Franklin. Woodstock stays at Cleveland. Bridger (north section) to Madison.

Option	Enrollment Stability (Est. 2014 Enrollment)	Proximity (Geographic distance Trimet travel time/)	Student Impact E	conomic Diversity (estimated)
4. Whitman, Woodmere to Franklin. Creston stays at Franklin. Woodstock stays at Cleveland. Bridger (north section) to Madison.	Largest enrollment imbalance:  x Cleveland: 1215 x Franklin: 1499 x Madison: 1343 x Difference: 284 students	Shortest commute times for Lane and Bridger students: Whitman to/fromFranklin: 3.2 mi, 25-29 minutes by bus (#71) (10 minutes walk)  Woodmere to/from Franklin: 2.5 miles, 33-36 minutes by bus (#71) (16 minutes walk/wait)  Bridger N. to Madison: 23 minutes( #72) (10 minutes walk/wait)	<ul> <li>Smallest student impact:</li> <li>x Only Marshall students impacted by a change.</li> <li>x Bridger remains a split feeder pattern.</li> <li>x Lane moves together</li> </ul>	Largest difference in economic diversity:  x Cleveland: 29% FRL  x Franklin: 55% FRL  x Madison: 60% FRL

x Step-Up  $9^{\,\mathrm{th}}$  grade transition services: Marshall has benefited from a set

will rely on public transportation as their means of getting to and from school, as they do not have access to rides from parents or others.

Over the past week, staff telephoned families in the Whitman and Woodmere neighborhoods to hear their questions an d concerns about the options that are under consideration. Staff called 132 families with 8t h grade students who live in the Whitman or Woodmere portion of the Lane boundary. We talked with 90 families, or 68%. About half of the families in both neighborhoods prefer Franklin over Cleveland, because of distance, siblings and general familiarity with the school. 25%-33% of families prefer Cleveland, for similar reasons. A summary of preferences is below:

#### Whitman

- 11 Cleveland
- 20 Franklin
  - 8 Undecided or No Preference
  - 2 Benson
- 1 Private
- 42 Total

#### Woodmere

- 16 Cleveland
- 25 Franklin
  - 5 Undecided or No Preference
  - 1 Benson
- 1 Sp Ed
- 48 Total

Last week, over 500 families Bridger neighb orhood and immersion families received a letter and auto-dialer with information about the new proposal. A drop-in information session occurred on Monday, December 6 th, from 2-6 pm in the Bridger library. About 20 parents attended, while ot hers provided feedback via e-mail. No Bridger neighborhood families were in su propert of the change. The most frequent reasons given were: Franklin is a closer school, they have older students at Franklin now, they would like all Bridger st

Authorizing Staff to proceed with Design Development, Construction Documents, Permitting, and Bid Package for Rebuilding Marysville K-8 School Using Proceeds from the Insurance Claim

### **RECITAL**

- A. On November 10, 2009, a fire occurred at Marysville K-8 School destroying one-third of the structure with additional areas being damaged by water.
- B. On April 5, 2010, the Board of Education (BOE) authorized staff to identify a design team in order to initiate redesign work, through the Schematic Design phase, to determine options for repair and rebuilding Marysville.
- C. In spring 2009 a competitive procurement process resulted in a contract with DLR Group, a multi-disciplinary design team, to provide full architectural and engineering services for the Marysville rebuilding effort. The District, per BOE authorization, directed DLR to proceed with development of schematic options and cost estimates. The District directed design work to proceed through Schematic Design only, pending BOE direction to proceed further.
- D. A series of interviews and design charrettes subsequently took place with Marysville faculty, PPS departments, and Marysville PTA, parents, and students.
- E. Multiple options for rebuilding Marysville K-8 were explored and identified.
- F. Rebuild Option 3 titled "Marysville Future Revival" has been determined to best serve the Marysville community and Portland Public Schools.
- G. The Finance, Audit, and Operations Committee reviewed this resolution on November 16, 2010, and unanimously recommended its approval to the Board.

#### RESOLUTION

- 1. The Board accepts the staff recommendation to rebuild Marysville K-8, identified as Option 3 "Marysville Future Revival" in Attachment A to the related staff report.
- 2. The Board authorizes staff to proceed with Design Development, Construction Documents, permitting, and bid package for the "Marysville Future Revival" Option 3 solely using proceeds from the insurance claim.
- 3. The Board directs staff to return to its Finance, Audit and Operations Committee and subsequently the full BOE with Design Development site plan, floor plan, elevations, and materials board for review and approval prior to proceeding into the Construction Document project phase.
- 4. The Board acknowledges that the bidding and construction phases of the Marysville project are dependent upon PPS identifying additional capital funding, with a current strategy of voter approval of a capital bond measure in May 2011. If the capital bond does not pass, the Board reserves the right to reconsider all Marysville design and funding options.

C.J. Sylvester/S. Schoening

Acceptance and Approval of the Comprehensive Annual Financial Report, Reports to Management and Report on Requirements of the Single Audit Act and OMB Circular A-133

### **RECITALS**

- A. The Board of Education is committed to accountability for how Portland Public Schools spends its tax dollars and other resources, and recognizes that transparency, accuracy, and timeliness in financial reporting are important components of financial accountability.
- B. The District Auditor, Talbot, Korvola & Warwick, LLP, has completed their independent audit of the financial reporting for the year ended June 30, 2010, and provides assurance that the District's accounting and reporting is in compliance with generally accepted accounting principles.
- C. The District has received awards in Excellence in Financial Reporting for 30 consecutive years from both the Government Finance Officers Association (GFOA) and the Association of School Business Officials (ASBO) and plans to submit the current financial reports for similar award consideration.
- D. The Finance, Audit and Operations Committee has reviewed this report and unanimously recommended that it be moved to the full Board for consideration and approval.

### RESOLUTION

The Board of Education accepts and approves the Comprehensive Annual Financial Report, Reports to Management, and Report on Requirements of the Single Audit Act and OMB Circular A-133 of School District No. 1J, Multnomah County, Oregon for the fiscal year ended June 30, 2010, and authorizes the reports to be distributed to required state and federal agencies and filed for future reference.

N. Sullivan / C.A. Kirby

**RESOLUTION No. 4383** 

Language Immersion Feeder Patterns High School System Design

### **RECITALS**

A. As a part of High School System Design, the K-

speakers, along with non-native speakers from within each region. Expansion and location decisions for future Spanish Immersion and other language immersion programs will be closely aligned with the needs of native-speaking populations throughout the district. The staff report summarizing the recommendation has been reviewed and approved by the Student Achievement Committee and forwarded to the full Board of Education for a decision.

#### RESOLUTION

- 1. The Board approves the Superintendent's recommendation for feeder patterns for immersion programs as a part of High School System Design. Specifically, beginning in September 2011 the feeder patterns for Spanish immersion will be as follows:
  - x Ainsworth (K-5) to West Sylvan (6-8) to Lincoln;
  - x Rigler (K-8) to Madison;
  - x César Chávez (K-8) and Beach (K-8) to Roosevelt;
  - x Atkinson (K-5) to Mt. Tabor (6-8), and Lent (K-8) to Franklin;
  - x The high school assignment for Bridger K-8 immersion will follow the Bridger neighborhood boundary assignment pattern as decided by the Board
- 2. In addition, the feeder pattern for Russian Immersion will be Kelly (K-5) to Lane (6-8) to Franklin High School.
- 3. The transition of the Hosford and Cleveland Spanish Immersion programs to Mt. Tabor and Franklin will begin in September 2011, with 6<sup>th</sup> grade at Mt. Tabor and 9<sup>th</sup> grade at Franklin, and will grow one grade per year thereafter until the highest grade of the program is reached.
- 4. To support a regional program for Spanish Immersion, program applicants at the K-8 level will be given priority to attend the immersion program within their region beginning with the Spring 2011 lottery.
- 5. Beginning in September 2014, students who have been enrolled in a Spanish Immersion program outside of their region through 8<sup>th</sup> grade will not be assigned to the high school immersion program in that region, and will have the right to attend the high school immersion program in the region where they live.

### **RESOLUTION No. 4384**

Feeder Pattern Reconfigurations Due to Closure of Schools on Marshall Campus

## **RECITALS**

A. Over the last two years, under the leadership of the Board of Education ("Board") and the

which has dropped by over 2,500 students since 2001. PPS could not afford to maintain the current portfolio of schools given the severe and continuing decline in funding for public education. PPS faced the need to deliver academic services in a fiscally sustainable manner that also provided greater equity and consistency in access to a core program and in future reduces the achievement gap that currently exists in every high school. The high school system design of community comprehensive schools with comparable and robust core programs was based on an assumption of relative parity of enrollment across schools.

- C. By Resolution 4236, on March 8, 2010, the Board directed the Superintendent to recommend a high school system design plan that would: 1) reduce the number of current high school campuses with neighborhood attendance boundaries, 2) guarantee a common core program for each of the community comprehensive schools, and 3) establish enrollment parity across the community comprehensive schools.
- D. On October 12 in Resolution #4359 the Board directed the Superintendent to implement the closure of the three small schools on the Marshall High School Campus -- BizTech High School, Linus Pauling Integrated Arts Academy and the Renaissance Arts Academy at the end of the 2010-11 school year. The resolution also stated that boundaries would be determined within 90 days of the process.
- E. At the direction of the Board, District staff, community members, parents and students engaged in a meaningful manner over the last 60 days in the analysis of potential boundary options. Families at all of the impacted K8 and middle schools were contacted throughout this process using multiple communication mechanisms; administrators and staff provided input; and the High School Parent Advisory Committee, a group of parents representing all geographic clusters in the district on 10/28/10 also gave a significant amount of feedback on potential boundary options.
- F. In order to make decisions in a reasonable timeframe, and minimize impact on students from K to 12, the scope of this analysis was based on using K5 and K8 boundaries as the building blocks for new assignments.
- G. As per board policy and administrative directives, staff used the following criteria to judge various boundary options:
  - x Enrollment stability: Projected enrollment at receiving schools must be above 1300 and the difference in enrollment between schools must not be more than 300 students. Facility capacity should be considered to ensure that assigned enrollment is not greater than capacity.
  - x Proximity: Students should be assigned whenever feasible to the closest school to their home, and must be able to access their assigned school using Trimet in a reasonable amount of time that allows students to fully participate in their school program.
  - x Student impact: Boundary decisions should minimize the total number of students reassigned, and keep students together after 8<sup>th</sup> grade to the extent possible.
  - x Economic Diversity: Boundary decisions should strive to establish a mix of students with different socioeconomic backgrounds across schools to the extent possible. Some research shows that economic diversity can be correlated with higher academic performance of all students at a school.
- H. Arriving at a recommendation requires prioritizing the above criteria relative to one another. Throughout the high school system design process, the Superintendent has held enrollment balance as the highest priority in order to achieve the explicit goal of ensuring access to all students to an equivalent, high quality core program in each school, which requires schools to have enrollment that falls within a similar range. Feedback from the community throughout this

process has indicated that proximity is held as an extremely high value by parents and students system-wide. Balancing economic diversity also emerged as a high priority among community members. The board has in the past worked to eliminate split feeder patterns and minimize the impact of boundary changes on existing students. In line with community feedback regarding

- 5. The Board of Education encourages the superintendent and staff to continue to support families to maximize the opportunity for a successful student transition within the parameters available in the enrollment and transfer process.
- 6. Given the importance of access to Tri-Met for students, the Board of Education encourages the superintendent and staff to continue to work with intergovernmental partners to sustain current transportation options for high school students.
